Outcomes-based philanthropy
The Gary and Mary West Senior Dental Center is unique, taking a comprehensive and coordinated approach to addressing the dental needs of seniors.

Every patient receives a Comprehensive Geriatric Assessment (CGA) through a senior care navigator who coordinates the patient’s health, dental and social support needs. Each patient also participates in oral healthcare education to learn preventive care.
We are dedicated to lowering healthcare costs to enable seniors to successfully age in place with access to high-quality, affordable health and support services that preserve and protect their dignity, quality of life and independence.
